

## **Description of The Snow-Covered North**

This production is on 2 Dvd's 87 minutes of Christmas Music

The Snow-Covered North is Christmas Music along with winter scenes in Wisconsin. From Milwaukee to Michigan to Minneapolis and back as far as Wisconsin Dells, then exiting again through LaCrosse and shooting highway scenery.

In Chippewa Falls we shoot the Christmas light scenery as we roll slowly through Irvine Park. The winter scenery is a wonderful addition to the Music to put you in the Christmas Spirit. [www.PatrioticAmericanMemoryTraining.com](http://www.PatrioticAmericanMemoryTraining.com)
